PRIYANSHU THAKUR

PORTFOLIO · MANCHESTER, UNITED KINGDOM

CREATOR + DATA SCIENTIST

PASSION · CONTENT CREATION

PASSION

Short-form video, photography and stories that make people stop scrolling.

PROFESSION · DATA SCIENCE

PROFESSION

Pipelines, models and analysis that find the story hidden in the data.

Interactive version · priyanshuthakkur.github.io ↗

ABOUT

I tell stories with a camera and check them with data.

I'm Priyanshu. Content creation has been the backbone of everything I've done, from making campaign content at my college in Mumbai to presenting reels for **Unite Students** in Manchester and shooting events for **Electric Shuffle**.

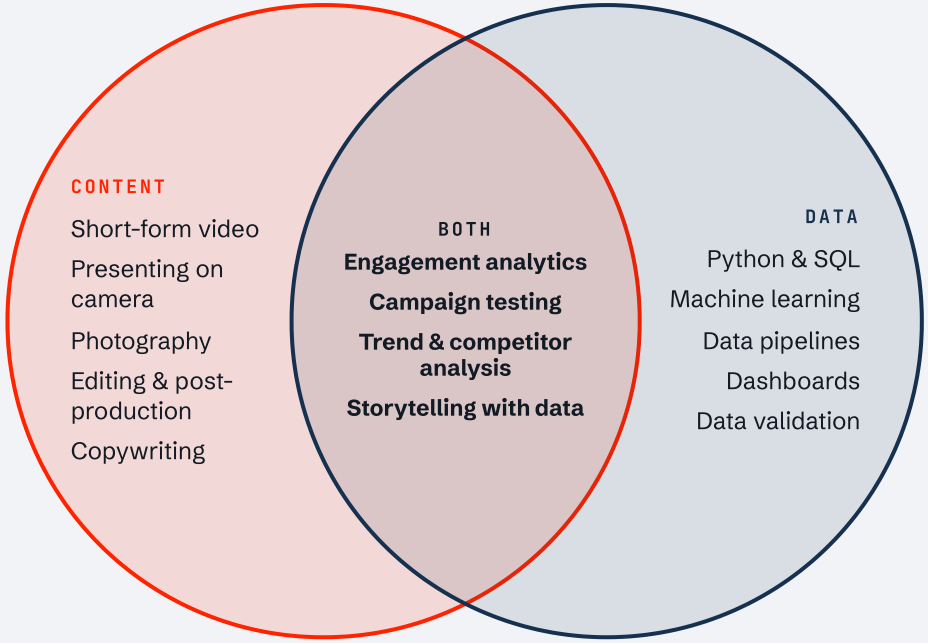

Alongside it, I studied the other side of the screen: a **BSc in Information Technology**, then an **MSc in Data Science with Distinction** from Manchester Metropolitan University. I build data pipelines, machine learning models and statistical analyses, and I publish them on GitHub.

So I know what makes content land, and I know how to measure whether it did.

Distinction MSc Data Science, Manchester Metropolitan University	**3 years** creating content for brands in Mumbai and Manchester
4 projects public on GitHub: health, finance, marketing, social	**May 2026** Employee of the Month at Electric Shuffle Manchester

WHERE THEY MEET

Passion × Profession

Calibehr, Mumbai: ran the brand's social channels and analysed campaign results, lifting engagement by 20%.

VSIT, Mumbai: content backed by competitor and trend analysis, contributing to a 30% lift in digital engagement.

PASSION

Reels I presented, shot and edited. Each one plays in full on the interactive portfolio.

UNITE STUDENTS · 2025

Room tour

A presenter-led walk through student life in a Unite room, from key card at the door to study time at the desk. Presented, filmed and edited by me.

WATCH ↗

MADE FOR UNITE STUDENTS

Managing expenses as an international student

A scripted explainer in chapters: transport hacks, budget shopping, cooking at home, student discounts and the Blackbullion app for National Student Money Week.

WATCH ↗

ELECTRIC SHUFFLE · MANCHESTER

Christmas at Electric Shuffle

Bar team, live music and festive crowds, cut to the pace of a busy December night.

WATCH ↗

ELECTRIC SHUFFLE · MANCHESTER

A night at the venue

DJ sets, dancing and the bar in full swing, from the neon sign outside to the last round.

WATCH ↗

MAR 2026 – PRESENT

ELECTRIC SHUFFLE

RECEPTIONIST & GAMES MASTER · MANCHESTER

I started on reception and quickly worked across the whole venue: hosting shuffleboard games, supporting the floor, the bar and the kitchen, and keeping everything lined up on busy nights.

At events I pick up a camera too. I shot the team's weekend on a disposable, and the set was published on Electric Shuffle's official Instagram. I also film clips the team can use in future content.

★ **Employee of the Month · May 2026**

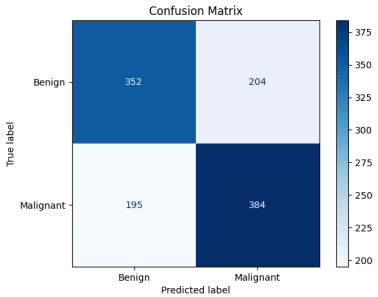

Front of house · Hosting groups · Working under pressure · Teamwork across floor, bar & kitchen · Event photography

PROFESSION

Four public projects, each built end to end and tested, covering health, finance, marketing and social media. Code, charts and write-ups at github.com/priyanshuthakkur.

HEALTH · MSC DISSERTATION

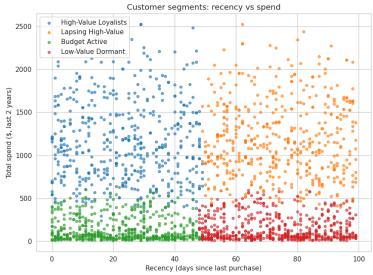

PYTORCH

Breast cancer detection with deep learning

A ResNet-50 transfer-learning model that classifies mammogram lesions as benign or malignant on CBIS-DDSM, repackaged from my dissertation into a reproducible pipeline with a demo app.

`Transfer learning` `ResNet-50` `F1-based selection` `Augmentation` `Streamlit`

MARKETING · RETAIL CUSTOMERS

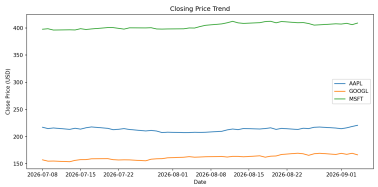

PYTHON · SQL

Marketing campaign analytics

Who should we target next, and did the campaign work? Segments customers into four named personas and tests campaign performance statistically.

`RFM analysis` `K-Means` `SQLite` `Chi-square` `Two-proportion z-test` `Streamlit`

github.com/priyanshuthakkur/marketing-campaign-analytics ↗

FINANCE

PYTHON · SQL

Stock market data pipeline

Pulls daily prices from a live REST API, cleans them, loads them into a SQL database and answers questions with SQL and charts, staged like production data infrastructure.

`REST API` `pandas` `SQL schema design` `Aggregate queries` `pytest`

JOURNEY

CONTENT · DATA · BOTH

2021 – 2024 — **BSc Information Technology** · VSIT, Mumbai
Python, databases, AI and business intelligence. Final project: a Movie Success Predictor.

JUN 2023 – APR 2024 — **Content Developer Intern** · VSIT, Mumbai
Led videos, graphics and social posts, kept the content calendar running and used trend analysis to shape strategy.

JUL – AUG 2024 — **Digital Marketing Intern** · Calibehr, Mumbai
Managed social media, analysed campaign results with senior executives and validated campaign data before reporting.

SEP 2024 — **MUMBAI → MANCHESTER**

SEP 2024 – OCT 2025 — **MSc Data Science, Distinction** · Manchester Met
Machine learning, deep learning, statistics and data governance. Dissertation on breast cancer detection.

JAN – JUL 2025 — **Content Creator** · Unite Students
Presented, shot and edited reels, photos and stories about student life for Unite's national campaigns.

MAR 2026 — **Receptionist & Games Master** · Electric Shuffle
Front of house and game hosting, plus event photos and video for the brand.

MAY 2026 — **Employee of the Month**
Recognised for working across reception, floor, bar and kitchen.

JUL 2026 — **Graduated**
MSc Data Science with Distinction.

SEP – OCT 2026 — **Four portfolio projects on GitHub**
Health, finance, marketing and social media, each built end to end with tests.

SEP 2024 – OCT 2025 · MANCHESTER

MSc Data Science, Distinction

Manchester Metropolitan University. Advanced Machine Learning, Deep Learning, Computational Mathematics & Statistics, Data Management & Governance, Algorithms & Data Structures.

JUN 2021 – APR 2024 · MUMBAI

BSc Information Technology

Vidyalankar School of IT. Python, Data Structures, Database Management Systems, Artificial Intelligence, Business Intelligence.
